

Every man who's any woman—especially if she calls herself a *compiere woman*—knows how to get what she wants in any and every situation. It's not about exploiting your feminine wiles either—no offense to anyone using this tactic because we know it can prove effective in some instances. But simply put, when it comes to making things happen and fulfilling your needs, all it really takes is a touch of charm. Who knew it was so easy?

10 Ways To CHARM Anyone

**(& Get What
You Want)**

It's not just about battling your eyelashes and seeming cutely coy. Get real about getting what you want with CW's expert advice! BY Stephanie Lauritzen
